Dear Miss Geiger:

It was very pleasant to receive your letter and to learn that you were acquainted with [redacted] who is a very great friend of mine.

STAT

I don't see quite how we could help you keep up your French, and I suggest, since you will be in Philadelphia, that perhaps it would be better to go to a night French class at the University of Pennsylvania.

It seems to me that you would be able to get a lot of practice there.

I am sorry that I cannot be of more help, but beg to be

Very sincerely yours,

Signed & dispatched 12/29
